

Resources to Support Remote Learning With Lexile[®] and Quantile[®] Measures

Below are links to initial drafts of communication messages that can be edited and modified by states and other webpages and PDF documents that can be passed on to stakeholders via listserv, newsletter, webpage, press release, etc. Please feel free to pick and choose from these available resources and customize the messaging to the context of your state. If you have any questions about the materials or resources please contact the MetaMetrics States Service and Support Team identified at the bottom of this document.
